

United

✓ Printed grid and locking side guide for precise alignment

✓ Self-sharpening rotary blade safely cuts in both directions

RT26 Rotary Trimmer

United's RT26 rotary paper trimmer is designed for accuracy, durability and safety. The self-sharpening rotary blade cuts in both directions and is housed in a rugged cutting head which provides a high level of safety. The full-length paper clamp automatically engages as blade passes by for accurate cuts every time.

The RT26 is constructed with a rugged steel base that won't warp or crack, standard/metric alignment grid and a locking side guide for precise alignment.

The United RT26 cuts stacks up to 3/64" high and is ideal for offices, schools, churches, art studios and small print shops.
